

TIMBERBITS
HELPING YOU CREATE WITH WOOD

A detailed close-up photograph of a clock's internal mechanism. The image shows several brass-colored gears of different sizes, a central axle with a winding mechanism, and the ends of clock hands. The background is dark, making the metallic parts stand out. The lighting is dramatic, highlighting the textures and curves of the metal.

Sweep Second Hands

Second hands are measured from the center of the mounting bushing to the tip of the hand. All of our Sweep Second Hands can be trimmed to a shorter length.

Sweeps are measured from the center fixing hole to the longest tip of each sweep.

H123	Red	\$1.00

Clock Hands

Our hour and minute hands are sold in pre-matched pairs. All you need to be concerned with is the length of the minute hand. Minute hands are measured from the centre of the mounting hole to the tip of the hand. Normally, minute hands and second hands are about the same length. Please remember that all of our hands can be easily trimmed to a shorter length, and that they have been made to fit most battery operated quartz movements.

If you choose any gold finish hands, please be sure to remove the plastic coating before use. If you wish to paint your hands another color, please choose a black style, as they are easier to paint.

Skeleton Clocks

112mm Skeleton Clock

B087 | Gold | \$35.00

Includes: Gold plated dial, remote second hand, black hour and minute hands

Diameter of Dial	112mm
Quartz Frequency	32768HZ
Precision	<1.0 sec/day
Working Voltage	1.3V to 1.7V
Power consumption	130 uA
Battery Type	AA

124mm Skeleton Clock

B083 | Gold | \$35.00

Includes: Gold plated dial, remote second hand, black hour and minute hands

Diameter of Dial	124mm
Quartz Frequency	32768HZ
Precision	<1.0 sec/day
Working Voltage	1.3V to 1.7V
Power consumption	130 uA
Battery Type	AA

150mm Skeleton Clock

B186 | Gold | \$56.00

Includes: Gold plated dial, remote second hand, black hour and minute hands

Diameter of Dial	150mm
Quartz Frequency	Hz
Precision	
Working Voltage	V
Power consumption	uA
Battery Type	AA

112mm Skeleton Clock

B088 | Chrome | \$35.00

Includes: Chrome plated dial, remote second hand, black hour and minute hands

Diameter of Dial	112mm
Quartz Frequency	32768HZ
Precision	<1.0 sec/day
Working Voltage	1.3V to 1.7V
Power consumption	130 uA
Battery Type	AA

124mm Skeleton Clock

B089 | Chrome | \$35.00

Includes: Chrome plated dial, remote second hand, black hour and minute hands

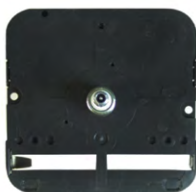

Diameter of Dial	124mm
Quartz Frequency	32768HZ
Precision	<1.0 sec/day
Working Voltage	1.3V to 1.7V
Power consumption	130 uA
Battery Type	AA

Clock Inserts

Clock inserts are pre-made and assembled pieces ready to be placed within a piece. Use these inserts to add the finishing touches to a new project or use them as a replacement for an existing time piece.

Insert clocks are great for building desktop clocks to go with your hand made pens, or use them as wall mounted pieces. We have a great range that will be growing like our pen kits. You will find a range of differing size and styles to choose from.
